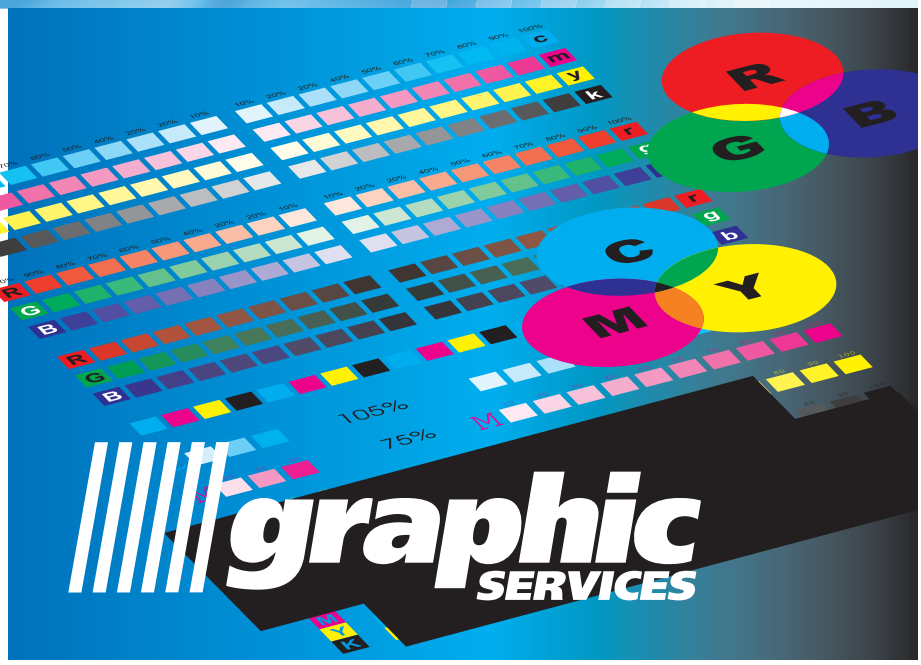
fact sheet

Graphic Services

The right package at the right price.



We work with our lettershop staff, warehouse staff and your Account Manager to ensure that you receive quality service at a competitive price.

There are very good reasons that 80% of all Palm Coast Data clients choose to utilize Graphic Services to produce their lettershop or direct mail materials. Here are a few:

- *Excellent quality and pricing*
- *Freight charge savings*
- *Materials are produced to exact client specifications*
- *Quality control measures ensure all jobs are post-office ready*
- *Stock items are modified to meet new postal regulations*
- *Effective inventory management*
- *Excellent working relationship with outside vendors to produce a wide variety of materials*

Graphic Services production capabilities include letters, envelopes, postcards, brochures, newsletters, cover wraps and more.

Graphic Services offers a full suite of design solutions to meet your needs. Our creative team can take your idea from concept through delivery, providing copy writing, design and pre-press... and ensure your job is printed to perfection and delivered precisely on time, every time.

Combining the latest graphics technology with precise workmanship ensures that we provide the quality you expect.

Another benefit Graphic Services offers is high-volume production and printing services. Individual client jobs are grouped and produced together as one job, providing savings for all.

The bottom line is this: Graphic Services can print all your mailing materials at competitive rates, and ensure all your stock items meet our standards and postal regulations at no additional charge.

With Graphic Services, you get more quality. More service. More value. Palm Coast Data. Get more.
